1 SUPPLEMENTARY MATERIALS

Anonymous GitHub Page and Demo Link To facilitate the review process, we have created an anonymous github page. The project page can be accessed at the following URL:

<https://anonymous.4open.science/r/Scene-R1-D537>

Our Codes The supplementary .zip file that you have downloaded contains this PDF (Supplementary.pdf) and a directory named `code/`. The `code/` directory includes our core model implementation, evaluation scripts, and a `README.pdf` with detailed setup and execution instructions, as mentioned in our main paper’s reproducibility statement.
