## Step 2 (2025-10-09T00:48:58.999505)

### Screenshots:

### Response:

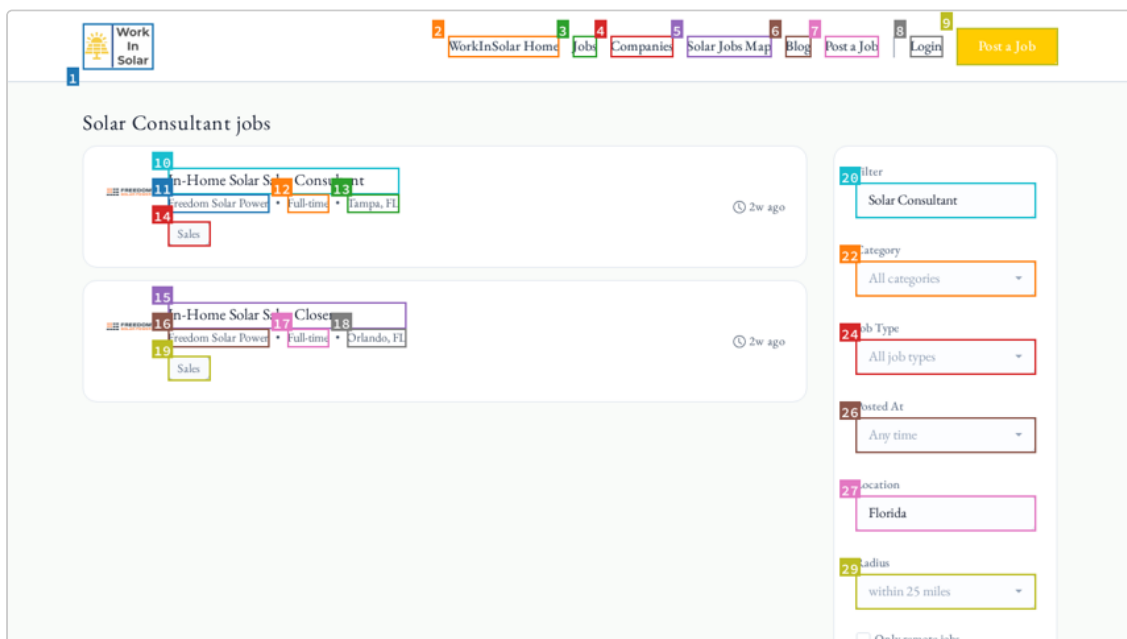

To find a job listing for a Solar Consultant in Florida, I need to use the available filters to narrow down the search results. The location filter is the most relevant for this task.

**\*\*Reasoning:\*\*** I will start by entering "Florida" in the location filter to refine the search results to jobs available in Florida.

```
``json
{
 "name": "type",
 "arguments": {
 "text": "Florida",
 "element_id": "36",
 "field_description": "Location input field",
 "reasoning": "I need to filter job listings by location to find jobs in Florida"
 }
}
```

### Step 3 (2025-10-09T00:49:17.822887)

#### Screenshots:

## Response:

To find a job listing for a Solar Consultant in Florida, I need to ensure the location filter is set correctly. The location filter is already set to "Florida," which is appropriate for the task. However, I should verify if the job listings displayed match the criteria. If not, I may need to adjust the filter settings or search term.

### ### Reasoning:

The location filter is already set to "Florida," so I should check if the job listings displayed meet the criteria. If not, I may need to refine the search or adjust the filters.

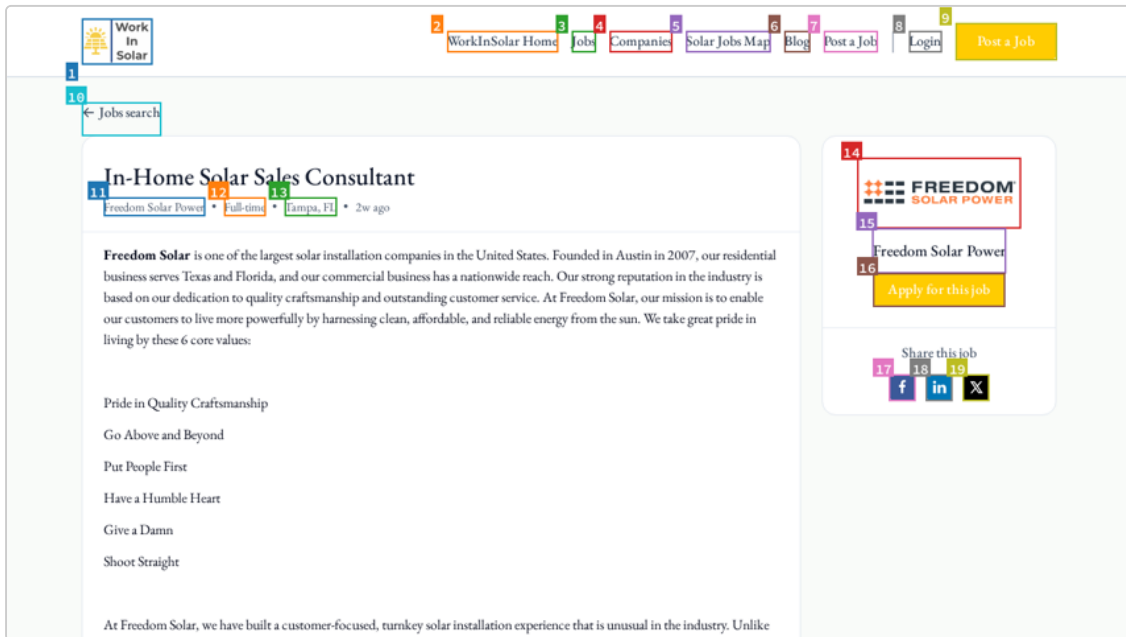

### ### Action:

I will click on the first job listing to view more details and confirm if it matches the criteria.

```
```json
{
  "name": "click",
  "arguments": {
    "element_id": "10",
    "description": "In-Home Solar System Consultant job listing",
    "reasoning": "Click on the first job listing to view more details and confirm if it matches the criteria for a Solar Consultant in Florida."
  }
}
```
```

## Response:

Thought: The job listings are already visible, and one of them is for a Solar Consultant position in Tampa, FL. Since the task is to find a job listing for a Solar Consultant in Florida, I can stop here and provide the answer.

Action:

```
```json
```

```
{
  "name": "stop",
  "arguments": {
    "answer": "A job listing for a Solar Consultant in Florida has been found. The position is for 'In-Home Solar System Consultant' at Freedom Solar Power in Tampa, FL.",
    "reasoning": "The job listing matches the criteria of being a Solar Consultant in Florida."
  }
}
```
