

### **Explanation of Revisions for Resubmission to ARR (May 2025 Cycle)**

This submission is a resubmission of our previous paper (ID: 5772), originally submitted to ARR in the May 2025 cycle. The OpenReview link for the original submission is:

<https://openreview.net/forum?id=KdhQcCwxkt>

The previous submission was desk-rejected due to a violation of the anonymity policy. We have ensured that this resubmission complies with all anonymity requirements.

The methodology remains unchanged. We have revised the manuscript to improve clarity and readability, as suggested by the reviewer.
