Legend: **O** set of D data · set of OOD data · — model trained with **✗**-labeled U · model predictions; **●●** labeled set S · **✗✗** artificially labeled U · — model trained with **✗**-labeled U

(U_{OOD}, c) · $(U_{\text{ID}}^{\neg c}, c)$ · (U_{ID}^{c}, c)
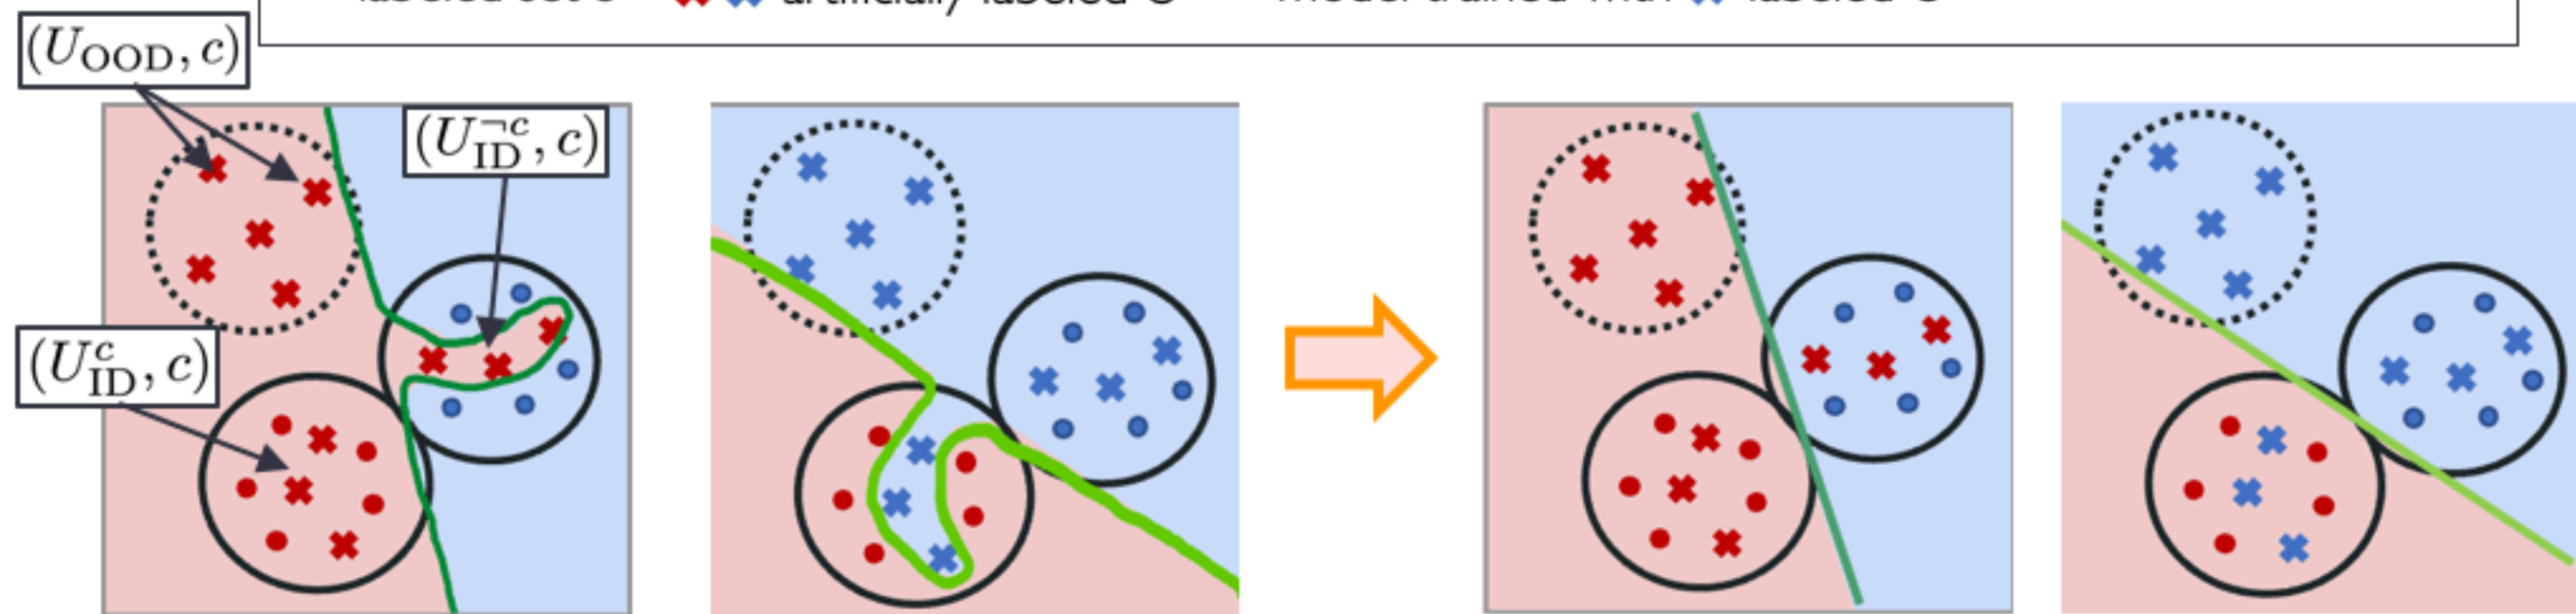

a) Two models trained to fit artificially labeled data

b) Effect of regularization on trained models
