

Item	Description	Total estimate costs	Amount requested	Amount covered by other funds
Video + Documentation "Problem Statement"	Produce explainer video and associated in-depth documentation describing the problem statement the project is tackling in accessible terms.	\$3,000.00	\$3,000.00	\$0.00
Video + Documentation "Solution Overview"	Produce explainer video and associated in-depth documentation describing the architecture of the solution in accessible terms.	\$3,000.00	\$3,000.00	\$0.00
Video + Documentation "CAProck (component)"	Produce explainer video and in-depth documentation on the CAProck component, which provides distributed authorization capabilities.	\$3,000.00	\$3,000.00	\$0.00
Video + Documentation "Channeler (component)"	Produce explainer video and in-depth documentation on the Channeler component, which provides a novel transport protocol suite.	\$3,000.00	\$3,000.00	\$0.00
Video + Documentation "Vessel (component)"	depth documentation on the Vessel component, which provides a data container suitable for cooperative authorship.	\$3,000.00	\$3,000.00	\$0.00
Video + Documentation "WyrD (component)"	depth documentation on the WyrD component, which provides an API for accessing documents as a series of changes (via a CRDT).	\$3,000.00	\$3,000.00	\$0.00

Video + Documentation "Hubur (planned component)"	depth documentation on the Hubur component, which provides a protocol for streaming access in information-centric networking (providing the connection between Channeler and Vessel).	\$3,000.00	\$3,000.00	\$0.00
Video + Documentation "Moldoveanu (planned component)"	Produce explainer video and in- depth documentation on the Moldoveanu component, which provides a more purposeful evolution of existing distributed hash-table technology.	\$3,000.00	\$3,000.00	\$0.00
Total		\$24,000.00	\$24,000.00	\$0.00
