

A radar chart comparing three models across eight metrics. The metrics are labeled 1 through 8 around the perimeter. The radial scale ranges from 0 to 1.0, with concentric grid lines at 0.2 intervals. The orange series (top) shows high performance across most metrics, peaking at metric 1. The purple series (middle) shows moderate performance, with a peak at metric 2. The green series (bottom) shows lower performance overall, with a notable peak at metric 3.

Metric	Orange Model	Purple Model	Green Model
1	0.85	0.65	0.55
2	0.75	0.85	0.55
3	0.55	0.55	0.85
4	0.55	0.55	0.55
5	0.85	0.55	0.55
6	0.55	0.55	0.55
7	0.55	0.55	0.55
8	0.55	0.55	0.55
